Title: 24 Hour heartache

download from: <http://www.lyricsdisc.com>

Sometimes the cheapest words roll of her silver tongue she's who she is,

Where shes at,

Cause she didnt know enough to turn and run she treasured his promises, he promised her treasures and she had no way of knowing they were lies now the only thing that sparkle

Shes got a 24 karat heartache on her and hand its diamond that once blinded her and led her to believe in man her ruby lips start trembling everytime she starts talking about that

24 hour, neverending heartache on her hand

Shes got 24 karat, 24 hour, neverending,

Everlasting heartache on her hand
