Title: A big red kite

download from: <http://www.lyricsdisc.com>

I know I owe you a better time
Then the way that I've been
But somethings messing with my mind
And it's not giving in

They say that I should want to be
A man who leads us all
But everytime I look I see
Another leader fall

So I'm gonna sit in a green field
And fly a big red kite I'm gonna
Send my mind up the string and I'm
gonna get it right

They say that I should want to have
A big bank account
What Uncle Sam don't take from me
Man I don't need to count

They say that I should want to stand
For what I don't believe
I'm sitting thinking to myself
What kind of man could leave
