Title: A hundred years from today

download from: <http://www.lyricsdisc.com>

Hey don't save your kisses - just pass 'em around
You'll find my reason - is logically sound
Who's gonna know that you pass them around
A hundred years from today

And why crave a penthouse - that's fit for a queen
You're nearer heaven - on mamma Earth's green
If you had millions - what would they all mean
One hundred years from today

So (Hey) laugh and sing - make love the thing
Be happy while you may
(Cause) There's always one - beneath the sun
Who's bound to make you feel that way

The moon is shining - and that's a (very) good sign
Cling to me closer - say (that) you'll be mine
Remember baby we won't see it shine
A hundred years from today
A hundred years from today
