Title: A Pretty Girl Is Like...

---

A pretty girl is like a minstrel show It makes you laugh  
It makes you cry You go It just isn't the same on radio  
It's all about the makeup and the dancing and the Oh,  
a pretty girl is like a violent crime If you do it wrong  
you could do time but if you do it right it is sublime  
I'm so in love with you, girl, It's like I'm on the moon  
I can't really breathe, but I feel lighter A melody is like  
a pretty girl Who cares if it's the dumbest in the world  
It's all about the way that it unfurls A pretty girl is like  
a pretty girl
