

Two steps forward and three steps back
And i don't know where we are
You see it your way and i see it mine
And we're lost here in the dark

Not just a matter of talkin it out
I don't mean nothing if there's something to hide i know
You know just what i'm talkin about
There's an unspoken hesitation we both feel inside

Chorus:

Am i here am I gone tell me where i belong
All that i need is a reason am i wrong
Am i right are we sayin goodbye
Give me somethin to believe in
Cuz all i need is a reason

It's complicated so overrated
To say all we need is love
(All that we need is love)
My baby believe me wish that i was
That easy but sometimes love just ain't enough

This Indecision here is wearing me down
I can't hold on to something so undefined
Please let me know if what was lost an be found
This situation's got me crazy going out of my mind

Chorus:

Am i here am I gone tell me where i belong
All that i need is a reason am i wrong
Am i right are we sayin goodbye
Give me somethin to believe in
Cuz all i need is a reason

And oh I'd be the one who would never let you go
(All i need is a reason)
If you would only just let your feelings flow
I'd know and you'd know

Chorus:

Am i here am I gone tell me where i belong
All that i need is a reason am i wrong
Am i right are we sayin goodbye
Give me somethin to believe in
Cuz all i need is a reason
