

[Intro]

Wake up! Ha ha.. Dilated, Dilated  
Y'all know what time it is, check the clock  
{\*scratch repeats: "Cause this here's alarm clock music\*\*}  
You hear that shit ringin  
You hear that shit buzzin  
{\*scratched: "Pressin the button, they tryin to snooze"}

[Rakaa Iriscience]

Ring the alarm, shoot the flare, I'm here  
Lay right there, you catch the Dana Dane "Nightmares"  
(Nightmares) They know it's caffeine, they try but can't sleep  
They're hatin but they rockin to it while they count sheep  
Cause this here's alarm clock music  
Bang along beats like a bomb dropped to it  
Pressin the button, they tryin to snooze  
But their never been a man born with time to lose

[Evidence]

So many freestyles I did when I was tourin  
But since I wrote 'em down, they view 'em as important  
I do what I want, the way I see fit  
And they think I'm from the Bay the way the flow B-Legit  
Evidence got another sound mission  
Listen, biz and pleasure, what's the difference  
As long as the shit's hittin, and weed's gettin lit  
Dilated we play some Pole Position

[Chorus: DJ Babu - scratching]

"Cause this here's alarm clock music"  
"Bang along beats like a bomb dropped to it"  
"Pressin the button, they tryin to snooze"

[Evidence]

Yeah, 16 out of 16 bars I spit are thrillers  
8 out of 16 bars you spit are fillers  
And I got these beats game tight  
Keep talkin shit, just spell my name right  
Evidence, make music, focus on the listener  
I know I'm ghetto, use speakers as air conditioners  
{\*ba boom\*} Feel the air blast  
It's a hot day in L.A., right off Fairfax

[Rakaa Iriscience]

Rakaa, Arabic name, not a nickname  
That in the frame makes it hard to get planes  
I stay fly through the clouds of slipped brain  
Thinkin how I loved hip-hop, but shit changed  
Some say we're too serious and conscious  
Some say we're all battle raps and ganja  
I say in your bad dreams we're monsters  
Ratpackin stages like Frank Sinatra

[Chorus]

[Evidence]

Yeah, right now we in the zone we belong (right here)  
I let you know, right now you get warned  
Right now before I sound the alarm  
Let you know right now is the calm before the storm  
The world changed, lands got conquered  
Continents wandered, the planet got smaller  
New York at 8 o'clock then head to Cali by flight  
We got two shows, one on each coast the same night

[Rakaa Iriscience]

Yeah, the same fight for crumbs is not new to me  
The hood sick even with free shots immunity  
We need black and brown unity  
So we need to keep that jail shit out of the community  
Plus George got a few more years  
That's a couple wars there and a couple wars here  
Tricknowledgy propaganda and fear  
make it hard to believe your own eyes and ears

[Chorus]

[ad libs to end]
