

It's all right

[Chorus: Stephen Marley]

Said she wants my loving all night  
And when she get it, she'll be all right (all right)  
Said she wants my loving all night  
And when she get it, she'll be all right

[Verse 1: Stephen Marley]

Now she call me on the phone and said she's home alone  
And she want me to come over and her house a home  
Well I gave it to her once  
And I liked how she responds  
Well now i'm in trouble  
Yeah

[Chorus]

[Verse 2]

It seems she needs to oil her spine  
Tell all a gyal toast bread can't build di putty gold mine  
Need all di doctor to fish with di essential slime  
She tell me she want signal di plane n' time me want slow wine  
Turn on di HBO she want fi watch Showtime  
Give her di cordless microphone, she want di one with line  
Seem like me and young gyal ya just can't combine  
So it's sour like lime  
Running it down the line Mr. Muffin one timr

[Chorus]

[Verse 3]

She call mi pon di I-95  
How mi ah tek so long she ah wonder which car mi drive  
Tired fi listen album now and she want me live  
Tell me she want mi fi come knock her out till she can't revive  
SO!...Ah so mi planet and di stars align  
She tell me she want me know which part her hills and valley dem join  
Seh she want me ride her like a Ferrari sign  
Put appointment aside  
Nothing can't compromise  
Fi di vibes I provide  
BIM!

[Solo: Stephen Marley]

She wants my loving all night  
When she get it, she all right  
She wants my loving all night

[Verse 4]

I shouldn't make no physical contact, tell her fi hold down and still she just can't quiet  
Seh mi tek her up and tun her inna \$@# maniac  
Telling me dat I compliment her natural habitat  
Well...it seem like she deaf or she blind  
Want come step inna mi life when time she deh far behind  
Want mi play her rhythm till di tape want rewind  
And she nah watch no time  
And she just nah resign till she see the sunshine  
OK!
