

All the lines are drawn when the curtain falls  
As I've said my last  
But I'm not like the rest  
Couldn't seem to pass that test  
And those things in me will never change  
No, you never truly listened to what I had to say  
But I know you'll hear me in this way

It's only me again  
It's late and I've had some time to think  
And write a few thoughts before I sleep

[Bridge]  
Someday you may look and see  
You never found that place you seek  
And if you're down for the count  
I'll still be there to lift you out

[Chorus]  
Run from your life  
But don't carry the lies  
Along the way  
You'll always hide the truth inside  
So now you're on your way  
Run from your life  
But you're leaving people  
Along the way  
You think you'll find a better day  
Don't you know you'll never get away

Even in the end you won't come clean  
But one look into your eyes  
And that's all I'll need

[Bridge]

[Chorus]
