

somewhere beneath her taffeta dress  
I think I see a heart shaped scar  
somewhere inside her tiny wave  
I think I see a tiny star

she's saving it up, it's pulling her down  
she's saving it up, it's pulling her down  
into an awful mess if you loved her any less  
she would go

I know that she's done this before  
with someone else, another place  
that must have been the last time  
that I saw a smile on her face

she's saving it up, it's pulling her down  
she's saving it up, it's pulling her down  
into an awful mess if you loved her any less  
she would go

if you run away then she'll go there too  
she'll be with you 'till the end of the world  
and beyond

somewhere beneath her taffeta dress  
I think I see a heart shaped scar  
somewhere inside her tiny wave  
I think I see a tiny star

she's saving it up, it's pulling her down  
she's saving it up, it's pulling her down  
into an awful mess if you loved her any less  
she would go
