

I just want to tell you all the things you are
And all the things you mean to me
When I find myself believing there's no place to go
When I feel the loneliness inside my heart

You're the answer to my prayers
And you're with me everywhere
You're my angel, miracle, you're all I need tonight
Give me shelter from the rain
You breathe life in me again
You're my angel, miracle, you're all I need to know, tonight

Life is just a moment
We're blowing in the wind
We're trying to find a friend
And only time can tell us
If we win or if we lose
And who will stand beside us

When there's darkness all around me
You're the light I see
When I need someone to ease my troubled mind

You're the answer to my prayers
And you're with me everywhere
You're my angel, miracle, you're all I need tonight
Give me shelter from the rain
You breathe life in me again
You're my angel, miracle, you're all I need to know, oh, tonight

Oh, You
