It says... was walkin thru the park there she was as plain as i could see
couldnt believe my eyes
she was smilin back at me knew this was my chance my only shot and damn did she look hot
but i couldnt get up the nerve to walk up to her
maybe shes the one for me
gotta girl thats in my dreams
how will i ever know if i never talk to her
ive been lookin for an angel
eh ee ay ee ya
maybe i see her everyday
eh ee ay ee ya
she might be a total stranger
or maybe shes standin right there infront of me
but im too blind to see
yea ee ya yea ee yea
lookin for an angel
yea ee yea yea ee yea
so i finally had enough to choke enough
so i went back to talk but

i bought a magazine for the very last time as i was walkin out she came walkin up
and said hi heres my number on this paper know you're shy but call me later ive been lookin for an angel
eh ee yea ee ya
maybe i see her everyday
eh ee ay ee ya
she might be a total stranger
or maybe shes standin right there infront of me
but im too blind to see
