

Nothings left here but he sun
The human race i on the run
The ancient gods should have told
The earth has never felt this old

Countdown has begun
Apocalypse has got a son

Angels
Flying over the land of blood
Angels
Warriors that Heaven forgot

Read my bloodstained apoca-lips
21st century son of a bitch
Speaking with the mouth of a whore
Riding with the horsemen of four

Countdown has begun
Apocalypse has got a son

Angels
Flying over the land of blood
Angels
Warriors that Heaven forgot
Angels
Didnt come here for you and me
Angels
Why did you leave us here in misery
