Title: Another Wasted Day

download from: <http://www.lyricsdisc.com>

fall out of my bed again
another wasted day sneaks in my room
and i hope to see you soon
motivation is the key i lost, this car wont start at any cost
cus this time, i swear im giving up

another wasted day alone, wondering why im always sitting here at home
another wasted day at home, wondering why im always the one who's all alone

sit on the couch and read magazines
im being reminded how this lifes not me this time
cus i swear im giving up
