Title: At the end of the day

download from: <http://www.lyricsdisc.com>

Tell me what do you get
At the end of the day
Is it all worth the while
Can you put on a smile
Does it fill you with pride
All the feelings inside
Or do you just wanna hide
Can you still walk away
At the end of the day

At the end of the day
Are you lonely or sad
Do you think you've been had
Is your heart ever glad
Or are you afraid
