Title: Awakened By The Sirens

By the light of the moon dark thoughts rise up... they haunt my dreams  
while the wind carries their voices and screams over the land  
Awakened by sirens, armed with the wrath of Gods, we ride the storm, may our rage defend creation  
Under cover of darkness you raped innocent life  
beneath the bleeding horizon your end's now justified  
By the light of the moon dark thoughts rise up... now we haunt your dreams while the wind carries our warcries to your empires
