I'd like to hang out with you before class
I'd like get close to you; you've got class
I don't want to be your friend, want to be a friend; I don't want to be your
friend
I'd like to walk home with u after school; I'll hold your books
I'd like to hang out with you cause your cool
I don't want to be your friend, want to be a friend; I don't want to be a friend

If you bend over I might check your ass
