---

Now you're coming through the backdoor  
How did you get there  
Do I mind?  
That's a question for the asking  
How did you get there  
Do I mind?  
Will you linger a little longer  
While I wonder

Watch me wear my ruse  
Awake your world  
And run with fools

Now I'm coming through the backdoor  
How did I get here  
Do I mind?  
In an eerie sort of way  
I sense you reaching  
Do I mind  
Will you linger a little longer  
While I wonder
