

I've got a bad reputation in this town  
It's something I can't live down  
I wish I could be what people want me to be  
But somehow I can't come around  
So you take your road and I'll take mine  
I'll drink the whisky and you drink the wine  
Cause that's the situation  
I've got a bad reputation

I've got a bad reputation in this town  
People try to put me down  
They call me a loser  
A no good boozier  
And tell me I act like a clown

Now if you don't like my face and style  
Don't waste time trying to tell me how  
Just show me and get your own bad reputation

Yeah if you don't like my face and style  
Don't waste time tryin' to tell me how  
Just show me  
And get your own bad reputation  
A bad reputation  
You'll get a bad reputation  
Bad, bad reputation  
Such a shame  
You've got a bad reputation A bad reputation  
It's a bad bad bad bad reputation  
A bad reputation
