

Artist: manowar

Title: Battle Hymn

download from: <http://www.lyricsdisc.com>

By moonlight we ride ten thousands side by side
With swords drawn held high our whips and armour shine
Hail to thee our infantry still brave beyond the grave
All sworn the eternal vow the time to strike is now

Kill Kill ooooh

Kill Kill ooooh

Kill Kill ooooh

Kill Kill ooooh

Gone are the days when freedom shone now blood and steel meet bone
In the light of the battle
