---

I better let you know, It's time for you to go  
You're gonna break my heart  
I better let you know, It's time for you to go  
You're gonna break my heart

I better let you know, It's time for you to go  
You're gonna break my heart  
I better let you know, It's time for you to go  
You're gonna break my heart

I better let you know, It's time for you to go  
You're gonna break my heart  
I better let you know, It's time for you to go  
You're gonna break my heart
