A simple test, probing loss, looking for a view  
Tapping on a grave they call their own  
I desire, I invite this process, injection begin  
Begin, break the skin, salvation quickly driven in  
Pride in fracture, in subjection  
A new supply running red with purpose  
Nothing less than flawless in design  
Systemtaic in possession, igniting all within  
Running red with purpose  
Nothing less than flawless in design
