Diggin' around feelin' so down  
Floatin' around like a feather  
Nothin' but me and all of my dreams  
Tryin' to hold it together

Those were long days  
Long days indeed  
(Could not avoid, I felt no joy, no relief)

But everyone knows when that's how it goes  
It's usually bound to get better  
So when you arrived I looked in your eyes  
And all I could see was forever

What a fine day  
A fine day indeed  
(When you showed up, I fell in love, now look at me)

I got my baby  
I got those good times  
No lack of sunshine  
Baby I got you

Darlin' I find you're blowin' my mind  
Every time that I hold you  
Better than gold the deeper we go  
Nobody knows it like I do

These are sweet days  
Sweet days indeed  
(A love that flows, will always grow, now can't you see)

I got my baby (you know that I do)  
I got those good times (oh yeah)  
No lack of sunshine  
Baby I got you  
Red hot and no blues  
Got no more bad news (no blues)  
I got my baby  
Baby I got you

And on and on  
Oh what a love affair  
And on and on  
Oh I will always be there

I got my baby (you know that I do)  
I got those good times (oh yeah)  
No lack of sunshine  
Baby I got you  
Red hot and no blues  
Got no more bad news  
I got my baby  
Baby I got you

I got my baby (yes I do)  
I got those good times (you know that I do)  
No lack of sunshine  
Baby I got you  
Yes I do  
Red hot and no blues...
