forging all my soundscans like yall could tell the difference
the mission fishing for the disinfranchised little kids
we shoot them in a barrel its so easy when they're pissed
Undereducated extra caffinated
I just masterbated now I'm motivated
Cant live with us, you cant live without us
I take it then I break it, Thankyou for my paycheck
you can call me little miss piss with a kiss
and after all this the rest is all bull shit

You'll love it!

I'm bumpin like a pimp on the stage to save face
I over compensate with the very bad taste
No offence No romance sick of your parents
About to take a stance in your childrens underpants
Its no accident you will pay my rent
And I am free to download all the porno from the internet
Carried on a stick stick not too fuckin quick quick
Now that I'm a prick prick yall can jock my dick
Say no to brains its a no brainer lowest common demoninator
It pays the bills to be this sterile
Fuck me now rip me off later

And you love it!
You love it!
You love it!
You love it!
