Title: Bury Me

download from: <http://www.lyricsdisc.com>

When the day will come along
And you have been there
Find the angels at your feet
Prone on the ground there

So, come and bury me
I'll find mine underneath
Don't you see the kingdom?
You hold your crown so high
(repeat)

Don't know where the angels gone
Haven't been there
Find the JACKALS at your feet
Stain the ground there.
Don't you see the kingdom?
You hold your crown so high

So, come and bury me
Won't find mine underneath
(repeat)
