Title: Catch a train

download from: <http://www.lyricsdisc.com>

Catch a train to my place
and call me when you get in to town
i'm gonna meet you at the station - oh yea
you can tell me why you're feelin' down

is it your mother
i know she tends to shout a bit
but she's got her problems to
and i just don't doubt it

may be your father
i know he's always drinkin'
most of the time
he don't even know what he's doing
now baby
catch a train to my place
and call me when you get in to town
i'm gonna meet you at the station - oh yea
you can tell me why you're feelin' down
(baby baby my place)

i can imagine
why you re feelin so low
it's just a week since i saw you
why have you cryin' so

all you gotta do is
catch a train to my place
and call me when you get in to town
i'm gonna meet you at the station - oh yea
you can tell me why you're feelin' down

baby baby catch a train to my place
and call me when you get in to town
i'm gonna meet you at the station - oh yea
you can tell me why you're feelin' so
down down down ...
