

And I give up forever to touch you  
Cause I know that you feel me somehow  
Your the closest to heaven that ill ever be  
And i dont want to go home right now  
And all i can taste is this moment  
And all i can breathe is your life  
And sooner or later its over  
I just dont want to miss you right now

And i dont want the world to see me  
Cause i dont think that theyd understand  
When everythings ment to be broken  
I just want you to know who i am

And you can fight the tears that aint coming  
Or the moment of truth in you lies  
When eveything feels like the movies  
Yeah you pleed just to know your alive

And i dont want the world to see me  
Cause i dont think that theyd understand  
When everythings ment to be broken  
I just want you to know who i am

And i dont want the world to see me  
Cause i dont think that theyd understand  
When everythings ment to be broken  
I just want you to know who i am

And i dont want the world to see me  
Cause i dont think that theyd understand  
When everythings ment to be broken  
I just want you to know who i am

I just want you to know who i am  
I just want you to know who i am  
I just want you to know who i am
