Yesterday I spotted you hanging out with someone new
Come on dude I cant believe who
Did it hurt? oh yes it hurt
But not as much as I thought it would
Guess it's time for me to move on

Chorus:

Im getting closer
Closer to closure
Everyday's closer
Closer to closure

Verse:

I finally took your pictures down
and all that other stuff
I found hidden somewhere in my closet
I used to wear your shirt to bed
but now its in the trash instead
I dont wanna be reminded
No No

Chorus:

Im getting closer
Closer to closure
Everyday's closer
Closer to closure

Bridge:

I saw you the day
It took my breath away
But then you opened your mouth
Without thinking
And then I called you
It was over
It makes me feel good about leaving

Chorus:

Im getting closer
Closer to closure
Everyday's closer
Closer to closure
