Title: Cock-rock alienation

download from: <http://www.lyricsdisc.com>

Capitalism, racism, sexism
The foundations of cock-rocking idealism

Exploiting, sucking, manipulating
The wisdom of a stary-eyed nation

Making "idols" out of assholes
"Raunchy" "hunky" machismo type fools
"Who cares if they've got no brains.
Just give us tits and tools!"

Fantasy? Reality?
Distinction? Satisfaction?

We love it when you feed us shit
We're so stuck in our dreamworld
Let's forget all your problems
And get into the groove!!

Fantasy? Reality?
Distinction? Satisfaction?!?
