

25 years severed

Take it and like it

Feel like there's nothing more

End of story

Thirsty, despised

Real love destroys

Hungry for anger

Hungry for... anger

The face behind the face

Cold forgiveness meant not for me

Race against time

Collapse

Fall in line

Nothing is sacred

Thirsty, despised

Real love destroys

Hungry for anger

Hungry for... anger

The face behind the face

Cold forgiveness meant not for me
