Title: Crazy april

download from: <http://www.lyricsdisc.com>

She was born in a
Hi-class family
Golden things embraced her
Body when she was three
"Little Princess tell me
How rich you wanna be?"

- A crown made out of time

I don't think she was bad -
just ignorant
So she learned how to behave
Under command
Lot's of lies in her pink
Little wonderland

- A crime is not a crime

Crazy April's her history
When she lost all the things to make her see
Don't you listen to what people want you to be
There's something deep inside

- Open up your mind
