

Tonight we're gonna party hard because the work is done, me and the crew know what we're gonna do is all we're gonna have some fun
bounce to the beat, we're cruising in the street and rolling in the four by four
straight to the top so we can get it on and freak it on the disco floor

I thought he's looking fine
looking straight at me those big brown eyes
show me what you've got don't keep me waiting

dance for me... let me see you shake it baby

somebody calls the party night is done and I don't really want to go
cause we are where the party's at
we're gonna freak it hard because we've got the flow
shake it to the left and move it to the right
you say you want my company
say you want to get it on
you wanna get my number but it ain't for free

I thought he's looking fine
looking straight at me those big brown eyes
show me what you've got don't keep me waiting

dance for me... let me see you shake it baby

an emergency, SOS I don't care
close to ecstasy and after midnight
come on over boy
take a chance

I thought he's looking fine
looking straight at me those big brown eyes
show me what you've got don't keep me waiting

dance for me... let me see you shake it baby
