

Come on, Uh oh, Come home, Ah baby
To night, Um'all alone
Shame'z your name no matter what you say
You gonna dance all night
No matter what you don't come home
Um'home alone
You want me to keep it pumpin'
All night long while you be clubbin'
Unh! unh!, I ain't your clown
You promised all your lovin'to me
In fact you stole my heart away
(But) if you make me wait 'till tomorrow

Dance thru the night
Dance i don't care
Stay out late is really what you want
When you come 'um not gone' be at home
I'll be alright
I can shake this sorrow
There's a new day comin' tomorrow
Ooh yeah/so/do it, do it, do it !

When you call me on tha' phone at midnight
"Yo' baby, will you wait for me 'till 6am ?"
I want to fight
Did'nt i give you what you wanted
Did'nt you say you really liked it
What's tha' differance
When you leave me in sorrow ?
Feel tha' shame
No matter what they say
Um' gonna give you up
No matter what i can't go on
Alone at home
You're the one that's been trippin'
All my friends say you been creepin'
"Uptown", "Bye bye, um' gone"

Dance thru the night
Dance i don't care
Stay out late is really what you want
When you come 'um not gone' be at home
I'll be alright
I can shake this sorrow
There's a new day comin' tomorrow
Ooh yeah/so/do it, do it, do it !

Suber
"I know I promised to, to be true to you,
But can't you see
Something's strange, rearranged, has changed
Sometimes i feel like, dancin' all night
I ain't tryin' to see no wife, cause music iz my life!"
You promised all of your lovin' to me
In fact you stole my heart away
(But) if you make me wait 'till tomorrow
Babe tomorrow i'll be gone

Dance thru the night
Dance i don't care
Stay out late is really what you want
When you come 'um not gone' be at home
I'll be alright
I can shake this sorrow
There's a new day comin' tomorrow
Ooh yeah/so/do it, do it, do it !
