---

Well it's been certainty it's got  
A certain fascination  
But she's a one way ticket  
To a final destination

She's coming out to get you  
With a look that would  
Tear you apart  
She's coming out to get you  
Well you better watch out

She's got the devil in her heart  
She's got the devil in her heart  
She's got the devil in her heart  
She's got the devil in her heart

Well you can find yourself a pal  
With a stinky situation  
Like they stab you in the back  
Got a moving temetation

She's coming out to get you  
With a fear that will glimp you inside  
She's coming out to get you  
She could throw you suicide

She's got the devil in her heart  
She's got the devil in her heart  
She's got the devil in her heart  
She's got the devil in her heart

She's coming out to get you  
With a look that would  
Tear you apart  
She's coming out to get you  
Well you better watch out
