

Since I gave my life to You
You showed me what true love is
You guiding me, You protecting me
I'm so happy, I'm so free
And I thank You

VERSE 1:

Woke up thi mornin'
And the sun was shinin'
Hey I feel so good now
No more worries on my mind
I've been just smilin'
Feelin' Your love around me
Havin' You right beside me
All my problems pass me by, I

CHORUS:

Didn't know I'd be so happy
Didn't know I'd feel se free
Didn't know your love would change me
I live in total victory
So many people tried to hurt me
They didn't know that it would help me
Because of you, I'm much better
I didn't know, I didn't know

VERSE 2:

I feel so free
I can do anything
I got myself together
Loosed from people that were holding me
I can see clearly now
Tears so full of joy
No need to let them near me
No more compromise
No more hurting me or decieving me oh

CHORUS

BRIDGE:

Now my world is free from guilt and pain
For You I turned in my broken heart

CHORUS
