Title: Disgrace

---

While the masses are praying, the priests are collecting  
This repulsive behaviour is a disgrace for the human race

Religion causes suppression  
on those who are feeble-minded  
And for you in need of belief -  
I say: Start believe in yourself!

While the masses are in confession for a non-existing god  
Another rape is committed and the victim bares the cross

Religion causes suppression  
on those who are feeble-minded  
And for you in need of belief -  
I say: Start believe in yourself!
