Title: Dollars & cars

download from: <http://www.lyricsdisc.com>

51498 double 4
Mobile phone number of a whore
Who sees your future through her crystal ball

Curious, Impressed, then mesmerized
But also deeply justified
On having suspects towards mystic things

But my little devil said to me :
"Go! Go! Go! Go!"
Damn! My little angel didn't answer back

You're gonna be a star (so bright)
The greatest number one (no lies)
Boys wanna be like you
Girls wanna stay with you

You're gonna be a star (so bright)
The greatest number one (no lies)
Full of dollars, playmates, cars
Between boobs and clubs

I was completely captured by
Her voice, too sweet
"Lady, I'm all ears!"

Luckily my devil said to me :
"Go! Go! Go! Go!"
"Thank u, God!"
My angel didn't answer back

You're gonna be a star (so bright)
The greatest number one (no lies)
Boys wanna be like you
Girls wanna stay with you

You're gonna be a star (so bright)
The greatest number one (no lies)
Full of dollars, playmates, cars
Between boobs and clubs

Dollars, cars, Playmates, clubs,
False alarm
Your words are poison and this is the truth:
No fame, no glory, just rage against you !!!!

You're gonna be a star (not right)
The greatest number one (big lie)
Boys wanna be like you
Girls wanna stay with you

You're gonna be a star
(No! No ! No!)
The greatest number one
(No! No! No!)
Full of dollars, playmates, cars
Between boobs and clubs
