Title: Don't apologize

download from: <http://www.lyricsdisc.com>

Hey, Hey, Hey
What is the problem now?
Hey, Hey, Hey
Why aren't you more excited?
Hey, Hey, Hey
What am I doing wrong?
It always seems like you are
Floating out of bed
Trying anything to take your mind off it
Never noticing any signs of danger
In that emotion
Hey, Hey, Hey
You gotta move your body
Hey, Hey, Hey
Don't even think about it
Hey, Hey, Hey
And Don't apologize
It always seems like you are
Floating out of bed
Trying anything to take your mind off it
Never noticing any signs of danger
In that emotion
It always seems like you are
Floating out of bed
Trying anything to take your mind off it
Never noticing any signs of danger
In that emotion
You were floating out of bed
You were floating out of bed
You were floating out of bed
