

Uh....Uh....
Here we go....

[Verse 1]

I'm just steppin' in the room like,
waiting for the tune like,
checkin' for the boom right there,
I'm just steppin' in the room like,
waiting for the bassline,
speakers that can dry my hair,
I'm just lookin' in your eyes like,
ready when the time's right,
poppin' like we pop this here,
I'm just banging on a beat like,
checkin' out ya feet like,
tip it like you just don't care,
dance like you never did dance before,
got love for the beat but hate for the floor
watchu waiting for?
s'time for ya feet to get sore to the core
and ya soul is raw

[Chorus]

It's got you hypnotized,
no beat too hard to ride
the club'll be shaking, there we'll be waiting,
cuz i don't play nice,
this tune should be hittin' you,
should be splittin' you so,
close your eyes,
the club'll be shaking, there we'll be waiting,
cuz i don't play nice,

[Verse 2]

I'm just checkin' out the battle,
and checkin' out what's happenin'
checkin' if the DJ's hot,
I'm just chillin like a rapper,
and god, my ear's a hammerin'
DJ put it down one notch,
boyfriend's showing off the platinum,
girlie goes a chatterin'
waiting for my tune, Then Watch,
hear these lyrics that I'm yappin' in
hear the bass 'a-batterin'
if you really think it's thrust...
Drop to ya knees over beats like these,
pick it up bring it back,
lemme take my siege,
when i hit the joints, they all wanna piece of me,
so i spit it to you waiting for this track to cease,

[Chorus]

It's got you hypnotized,
no beat too hard to ride
the club'll be shaking, there we'll be waiting,
cuz i don't play nice,
this tune should be hittin' you too,
should be splittin' you so,
just close your eyes,
the club'll be shaking, there we'll be waiting,
cuz i don't play nice,
(no.....)
Yuh, let's switch it up,

no damn beat is too hard too ride,
ride this beat like a surfer tide,
never been a surfer but i'd like to try,
cross with a lyric like this, stay in time,
no damn beat is too hard too ride,
never been messy but i don't play nice,
nice girls oughta be in bed this time,
cuz spittin' too early is considered a crime,

[Chorus]

It's got you hypnotized,
no beat too hard to rhyme
the club'll be shaking, there we'll be waiting,
cuz i don't play nice,
yeah this tune should be hittin' you too,
should be splittin' you so,
just close your eyes,
the club'll be shaking, there we'll be waiting,
cuz i don't play nice,

It's got you hypnotized,
no beat too hard to rhyme
the club'll be shaking, there we'll be waiting,
cuz i don't play nice,
this tune should be hittin' you too,
should be splittin' you so,
just close your eyes,
the club'll be shaking, there we'll be waiting,
cuz i don't play nice,

(no.....)
