---

20 ft. high on Blackpool promenade  
Fake royalty second hand sequin facade  
Limited face paint and dyed black quiff  
Overweight and out of date x2

Oh well

American trilogy in Lancashire pottery x2  
Is so fucking funny, don't you know x2

All American trilogy in used up cars and bottled beer  
All American trilogy the future's dead, fundamentally  
It's so fucking funny, it's absurd x2

20 ft. high on Blackpool promenade
