Title: Escape

download from: <http://www.lyricsdisc.com>

Sitting in my arm-chair
Staring at the screen
Blinded by a brave new world
Which wasn't built for me

I close my eyes and drift away
Music in my head
In my dreams I run away
I'm still running - yes, I'm running

From the oceans to the mountain-tops
It all belongs to me
Follow me into my world
And this ticket is for free

I close my eyes and drift away
Music in my head
In my dreams I run away
I'm still running - yes, I'm running

The escape
The escape

From the oceans to the mountain-tops
Deeper and deeper
Deeper and deeper

Sitting in my big arm-chair
Staring at the screen
Blinded by a brave new world
Which wasn't built for me

Come and follow me
From the oceans to the mountain-tops
Come - follow me, come - follow me
Follow me
