

Even after all the murdering
Even after y'all suffering sow (seeds)
You know I love you so
You know I love you so and so
Even after all
All that you go on... sir
Is the order of the day
And all that you believe... sir
Is the order of this society
You know I love you so
You know I love you so and so
Even after all
Tis is my manner y'all
Man just feel satisfied
No competition, no competition at all
I just feel satta star
Them eyes are gorgeous girl
No demise
Uprise
I got to raise it again
Them eyes are gorgeous
I must advance
I don't check for no superficial
It's got to be beneficial
These sonic fruits, these sonic fruits... sight
These sonic fruits
Got them moving around alright
Hyper play
Steppin' and rising
Even after all the murdering that go on
Even after all oh no your suffering sow (seeds)
You know I love you so
You know I love so and so
Even after all
You just survive soldier
And your soul is beautiful
And your soul is good
