

Some people say the star is in them, on the other hand
I'm just like you
I'm suffering from the peter parker syndrom,
I can spit the
sharper's venom
But you will see,
I just go with the flow never try to stop the rythm
I wanna make a great impact, but when
I retire I wanna leave
with my brain intact
The pain athlete, with a S on my chest,
that way
I probably get stress of my chest
And I got plans for the reaper,
you aint gonna find me, coz
I've been in Japan or Korea.
Yeah, I've been around the world and I, I,
I cant complain I
live a life I like
What's a boy to do,
I try to stay on top of things,
with the
ground level point of view
Some is like boys and blue,
they eager to beat you, the more
they try the more
I'm eager to leave you coz

[Chorus]

Every time I think I got it figured out, it fades away
Oh yeah

And every time I'm sure I'm swimming upstream, I see the day
Oh yeah

I need to meet my faith face to face, and ask him if I was put here to play station games
I dont wanna deal with real life, coz the thruth is harder to swallow, and I need my windpipe
The game gonna teach you things like, you'll be able to do good if you really think right
It's been a big dream, ever since them big jeans, and push it this, get the big cream
But see, that was then, when I played hide-n-seek, and had to be back by Ten
The times have changed now, coz I'm standing at the crossroads about to rewrite my game plan

[Chorus]

Every time I think I got it figured out, it fades away
Oh yeah

And every time I'm sure I'm swimming upstream, I see the day
Oh yeah

World is just a wild ride, I'm learning that lie
So I aint concerned with cred or earning my stripes
Dad taught me to cease the day, mom told me how to cope without getting on my knees to pray
And I still gotta call my mother, coz I gotta let my love show one way or another
You dont know the real me, you only know my CV, or seed, yo rome to speed see
You took one coin to please me, but I'm sick of myself now coz I'm more than greedy
Coz I depend on Yen, afterall I'm just a H-U-M-A-N

[Chorus]

And every time I think I got it figured out, it fades away Oh yeah
And every time I'm sure I'm swimming upstream, I see the day
Oh yeah
