

Maurice White, Wayne Vaughn & Wanda Vaughn

I can tell you that love
Is too deep to be played on
Down the line, you'd find
Time would reveal who to count on
I'm well inclined to use the lines
That comes from the learning tree
Let the seed that grows, and ages old
Give us our destiny

Baby, you know, I could pick you up
Turn your life around
If you fall in love with me
I would build you up, never let you down
If you fall in love with me

If you're having second thoughts from the past
I can cool you out
I've been there before, right down to the core
I can sing and shout
I can't hold back what I feel
I bring experience
I'll be your rock when Gibraltar falls
Baby, give me a cause

Baby, you know, I could pick you up
Turn your life around
If you fall in love with me
I would build you up, never let you down
If you fall in love with me
Baby, in love with me, find yourself a part of me
Baby, in love with me, help yourself to all of me

I've got your number and I wanna shout
I dig you baby, come and check me out
