Title: Fall or fly

download from: <http://www.lyricsdisc.com>

Here's what you have to do
you gotta coat yourself in steel
whatever you do don't be fooled
the danger is real

now wrap your hands around the wire
start making your way across
but pace yourself you're gonna get tired
you'll probably get lost

because i'm mean when you need me to be kind
and you reach for me when i'm safest left alone
and i dwell while you leave it all behind

and when your hands start to shake
and i promise you they will
and when the line threatens to break
you gotta be willing to be killed

because i'm mean when you need me to be kind
and you reach for me when i'm safest left alone
and i dwell while you leave it all behind

so don't look down, no
it's all in your head, baby
it's about time you decide
if you're gonna fall or fly
