

Yeah, I've been to Jupiter
And I've fallen through the air
I used to live out
on the moon
But now I'm back here down on earth

Why are you here?
Are you listening?
Can you hear what
I am saying?
I am not here.
I'm not listening.
I'm in my head.
And I'm spinning..

Is this who you are?
Some sweet violent urge?
A weak fallen man
[A weak fallen man]
With the promise of an end?

All the pretty people died.
Innocence is out of style.
All the whores have -
gone away.
Now there's nothing left for me
[Now there's nothing left]

Why are you here?
Are you listening?
Can you hear what
I am saying?
I am not here.
I'm not listening.
I'm in my head.
And I'm spinning

Is this who you are?
Some sweet violent urge?
A weak fallen man
[A weak fallen man]
With the promise of an end?

[Instrumental]

Is this who you are?
[Is this who you are?]
Some sweet violent urge?
Sweet violent urge]
A weak fallen man
[A weak fallen man]
With the promise of an end?
