

let's fall deeper into sleep  
our dreams become fake reality  
I wake, I hope  
I'm on my way to a coast  
where I know the roads like the back of my hand  
familiar landscapes

and I know that this is new  
like your first day of school  
and you're feeling awkward  
like you miss your home  
and it leaves you with an empty feeling  
I just can't take it anymore

what do you want from me?  
what do you want from me?  
what do you want from my life?  
what do you want from me?  
'cause my heart can't take it  
my heart can't take this anymore  
you feel deeply misplaced  
your world has been built to crumble  
you hope and pray everyday it works out  
and it leaves me with this empty feeling  
I just can't take it anymore

what do you want from me?  
what do you want from me?  
what do you want from my life?  
what do you want from me?  
'cause my heart can't take it  
my heart can't take this anymore  
anymore, my heart can't take this anymore, anymore

What better time than now to bandage your bleeding  
I won't stop till I fix your misleading  
your charm of course you use as a weapon  
but my heart can't take it

what do you want from me?  
what do you want from me?  
what do you want from my life?  
what do you want from me?  
'cause my heart can't take it  
my heart can't take this anymore  
what do you want from me?  
what do you want from me?  
what do you want from my life?  
what do you want from me?  
what do you want from me?  
what do you want from me?  
'cause my heart can't take it  
my heart can't take this anymore

let's fall deeper into sleep  
and our dreams become fake reality  
we hope and we pray, everyday  
this works out  
and it leaves me with this empty feeling  
I just can't take this anymore
