

1998! Ladies and gentelman
S.W.J. N.I.no and Fancy are back again!
Lady of ice slice me nice
Chinese eyes in paradise
Feel the beat and rock the charts
So hold me in your guarding arms
Feets and hips go move it
Start the beat let's groove it
Lots of people just jump away
So rock the beat all over the nation

A lady of ice in a desert place
Where ray of lights have turned to stone
A lady of ice with a painted smile
I should keep her warm just for a while

Yo the beat let's move it
Stand on your feet let's start moving
Get them up to make it nice
Do a thing slice me nice

S.L.I.C.E. slice me nice
S.L.I.C.E. slice me nice
S.L.I.C.E. slice me nice
S.L.I.C.E. slice me nice

Slice me nice!
Let's feel the groove
let's feel the groove
Gonna make you move aha the move
Let's feel the groove
let's feel the groove
Gonna make you move aha the move
Fire in your eyes burning twice
Love me with your chinese eyes
Fire in your eyes shades of lights
Show me all your chinese games
Oh yeah groove in the house
S.W.J. N.I.no and Fancy are back again
So listen to this fantastic beat
and get crazy!
Fancy's still alive! Oh yeah
So move your feet to the rhythm
of this beat

Let's not leave the ones outside
Looking at the worlds go by
Saw you standing all alone
Wasted time has gone for good
Say no more it's understood
Come to the twilight zone

Hold me in your arms again
Strangers down a lonely lane
We can still survive.
Drifted on a stream of life
Hold me in your arms again
Let me touch your velvet skin
No more lonely nights
on the way of no return

Now the time is gone
Stop the beat from moving on
Take the friends and feelin' high
Touch the place and make you fly
When it's S.W.J.
makes a crazy break - oh dear!
Listen to the steps proposal.
And I hope it makes you knowing!
