

I wanna live my life with you

I get so carried away
Touched and burned by the flame
I can't describe how I feel
When someone mentioned your name

Since you became my fascination
Nothing's the same

I wanna live my life with you
I'm gonna give you my world
I wanna share my time with you
If I could be your fascination

May not know what you want
Come on and swallow your pride
'Cause I got just what you need
So lay back and enjoy the ride

You are my sweetest fascination
Nothing's the same

I wanna live my life with you
I'm gonna give you my world
I wanna share my time with you

I wanna live my life with you
I'm gonna give you my world
I wanna share my time with you

You are my sweetest fascination
I'm gonna give you my world
Touched and burned by the flame

I wanna live my life with you
I'm gonna give you my world
I wanna share my time with you

I wanna live my life with you
I'm gonna give you my world
I wanna share my time with you
If I could be your fascination
