Title: Feel so good

download from: <http://www.lyricsdisc.com>

It feels so good
It feels so right
You're taking me higher everytime I see your smile
With you I'm flying high up to the sky
I'm in the best time of my life
It feels so good
It feels so right

If you wanna change my world
Then led love lead your energy
Your desire be unturned
I see your path of destiny
It feels so good
It feels so right
You're taking me higher everytime I see your smile
With you I'm flying high up to the sky
I'm in the best time of my life
It feels so good
It feels so right

It feels so good
It feels so right
You're taking me higher everytime I see your smile
With you I'm flying high up to the sky
I'm in the best time of my life
It feels so good
It feels so right
