I missed you so much that I begged you to fly in and see me  
You must've broke down 'cause you finally said that you would  
But now that you're here I just feel like I'm constantly dreaming  
'Cause something's gotta go wrong 'cause I'm feeling' way too damn good

For 48 hours I don't think that we left my hotel room  
Should show you the sights 'cause I'm sure that I said that I would  
We gotta make love just one last time in the shower  
Well something's gotta go wrong 'cause I'm feelin' way too damn good

And it's like  
Every time I turn around  
I fall in love and find my heart face down and  
Where it lands is where it should  
This time it's like  
The two of us should probably start to fight  
'Cause something's gotta go wrong 'cause I'm feeling way too damn good  
Feelin' way too damn good

Sometimes I think best if left in the memory  
It's better kept inside than left for good  
Looking back each time they tried to tell me  
Well somethings gotta go wrong 'cause I'm feelin' way too damn good

And it's like  
Every time I turn around  
I fall in love and find my heart face down and  
Where it lands is where it should  
This time it's like  
The two of us should probably start to fight  
'Cause something's gotta go wrong 'cause I'm feeling way too damn good  
Feelin' way too damn good

I missed you so much that I begged you to fly in and see me  
You must've broke down 'cause you finally said that you would  
But now that you're here I just feel like I'm constantly dreaming  
'Cause something's gotta go wrong 'cause I'm feeling' way too damn good

And it's like  
Every time I turn around  
I fall in love and find my heart face down and  
Where it lands is where it should  
This time it's like  
The two of us should probably start to fight  
'Cause something's gotta go wrong 'cause I'm feeling way too damn good  
Feelin' way too damn good

I missed you so much that I begged you to fly in and see me  
Feelin' way too damn good  
I missed you so much that I begged you to fly in and see me
